Hair/Skin/Item Coloring Reference

Note: *Armor/Gauntlets are flawed and cannot be coloured. To colour Armor wear a colored Royal shirt under your Armour to make it appear coloured. And **DO NOT COLOR ORCSHIELDS!** They are bugged and will crash any character or the room they drop it in if it is coloured.*

Making a coloured Orc Shield:

Create a Herald Shield first:

DM item herald shield

Then look at it in admin window and change:

vrIcon *to* OrcShield_icon_rsc

vrDesc *to* OrcShield_icon_rsc

vrShield_window_overlay *to* OrcShield_window_overlay_rsc

*Then just change the **pItem_flags** to a number like normal to colour it!*

Skin/Hair/Item Coloring:

Skin:

send o <playerobject#> piBody_translations INT <number>

or

send o <playerobject#> setskincolor color int <colour#>

or

Edit Body Translations 1 for skin color in the $ menu.

Hair:

send o <playerobject#> sethairtranslation translation INT <number>

or

Edit Body Translations 2 for hair color in the $ menu.

Shirt:

send o <playerobject#> SetDefaultClothes shirt_color int <Colour#>

Pants:

send o <playerobject#> SetDefaultClothes pants_color int <Colour#>

Arms:

send object <PlayerObj#> SetPlayerArms translation int <Colour#>

Change All Mortals Players Color (even offline users):

send c user setskintranslation translation INT <anynumber>

Change All Players Hair Color (even offline users):

send c user sethairtranslation translation INT <anynumber>

Make All Players Transparent Temporarily (even offline users):

send c user setdrawfx drawfx INT 2097152

Make All Players Gray Temporarily (even offline users):

send c user setdrawfx drawfx INT 10485760

Change a Ornamental Objects Colors:

*Just change the **piXlat** to a hair/item colour number.*

Items/Swords/Shields:

Edit: Flags in the $ menu
